

UNITE and PR2 answer different marker-gene questions

A Reference scope is auditable

B Match marker, scope, version, and ranks

Fungal ITS

UNITE v10.0 · 2025-02-19
Raw release: 8 labels incl. SH
Q2 classifier removes SH

Eukaryotic 18S

PR2 v5.1.1 · 2025-10-27
240,201 SSU records
9 taxonomy ranks

Never infer from filename

Verify checksum + semantic type.
Match release scope, marker,
and software compatibility.

Keep off-target evidence

PR2 retains bacterial, plastid,
mitochondrial, and archaeal
labels for off-target review.
